WORK EXPERIENCE

2.7+ Years EXP

Evoort Solutions

Sep 2025 - March 2026, Ahmedabad, WFH

- UI/UX Designer
- Led UI/UX design for multiple AI-driven products, including AI code generation, digital signing, image generation, and AI-detection platforms.
- Designed user centric interfaces for CodeCrafter AI (codecrafterai.com), EvoSign, and Correctify AI, simplifying complex AI functionalities into intuitive user experiences.
- Translated complex product requirements and AI workflows into clean, scalable, and easy to use interfaces

R-Tech Solutions

Feb 2025 - August 2025, Nashik

- UI/UX Designer
- Designed intuitive and user centric interfaces for mobile and web applications
- Developed pixel perfect UI screens of mobile and web applications, guaranteeing design consistency across all digital platforms and increasing user engagement by 15%.
- Increased user satisfaction score by 20% at R-Tech Solutions by standardising the UI across digital platforms using design principles.

I-Tech System

June 2023 - Feb 2025, Nashik

- UI/UX Designer
- Mentored 30+ aspiring UI/UX designers, leading to a 30% increase in trainee competency at I-Tech System by delivering instruction on design systems, typography, color, and layout.
- Built and maintained a standardized design system, reducing inconsistencies across projects by 40%.
- Designed wireframes, mockups, and prototypes that accelerated project delivery by 20%.
